

Pinnacle Aquatics Limited Lifetime Drysuit Warranty

Pinnacle Aquatics LLC guarantees, to the original purchaser only, that the drysuit (except neck & wrist seals*) will be free of defects in materials and/or craftsmanship under normal recreational scuba use for one year from date of purchase, provided proper care and maintenance are performed as described within the owner's guide. Should your suit prove to be defective for any reason (other than those listed in the limitations section below) it will be repaired or replaced (at Pinnacle Aquatics LLC discretion) free of charge excluding shipping and handling charges.

* Neck & wrist seals are covered for 90 days.

The boots on this drysuit are designed and produced in materials that will offer the maximum in user comfort and performance during diving and finning. Extensive walking on hard or abrasive surfaces will result in premature wear. Drysuits fitted with neoprene or latex drysocks are designed to be worn only with outer protective footwear. Walking without protective footwear will cause premature wear and is likely to cause puncturing to the sock. Damage to the sock caused by use without protective footwear is not covered under the terms of our warranty.

This warranty is non-transferable and applies to the original purchaser only.

All correspondence concerning this warranty must be accompanied by a copy of the original sales receipt or proof of purchase.
